

What's in the box ?

- The M44 (Sonnet Thunderbolt expansion chassis + Deltacast DELTA-hd-elp-d 44 card)
- 1 x USB dongle (with the licenses for the 4 channels of MovieRecorder and the 4 channels of OnTheAir Video Express)
- 9 x BNC Female to DIN 1.0/2.3 SDI Cable (15 cm)
- 1 x Thunderbolt cable (1,5 m)
- 1 x Power Adapter and Cord
- 1 x Full-Height bracket (if you need to use the card in a regular PCIe slot)

Connect the M44 to your computer

To start using the M44, unpack it and connect it to:

- a power outlet
- your computer using the Thunderbolt cable

On your computer

- Connect the USB dongle (the small green light should light up)
- Download MovieRecorder 3 and OnTheAir Video Express (<http://softron.tv/downloads.html>)
- Download and install the drivers for the Deltacast card (link available on the downloads page of our website - requires to restart your computer)

Connection Diagram

The M44 has nine 75 Ohms, DIN 1.0/2.3 connectors.

Start MovieRecorder and OnTheAir Video Express

You can find additional information on how to use MovieRecorder and OnTheAir Video Express on our website. At the bottom of each product page, you can find the "Resources" section. Also the Knowledge Base of our support desk can provide a lot of useful information: <https://softron.zendesk.com/>

Add options or licenses to the dongle

If you need to add options to MovieRecorder you can order them and we'll send you by email an upgrader for your dongle. Dongles can hold up to 10 licenses, so if you order an additional license, we can also send an upgrader for your dongle.
